RE: The Oaks POADP
(File #85-14-63-44)

Dear Mr. Davis:

The POADP Committee has reviewed and accepted your revised plan. The plan is in general compliance with the Subdivision Regulations. However, staff would recommend that upon formal plat filing you coordinate the project with the Highway Department for possible street dedication along N.W. Military Dr.

Please note that these are staff comments and not Planning Commission comments. This action does not establish any commitment for the provision of utilities or services of any type now or in the future by the City of San Antonio. Additionally, this action does not confer any vested rights to plat under the existing Subdivision Regulations. Any platting will have to comply with the Subdivision Regulations in force at the time of platting.

If you have any questions, please contact Roy Ramos or Edward Guzman in our Subdivision Section.

Sincerely,

MCO Neal

Re: The Oaks Preliminary Overall Area Development Plan

Dear Mr. Guzman:

Attached is one copy of the above referenced Preliminary Overall Area Development Plan. Additional copies will be delivered by National Blueprint. I am representing the owner on this P.O.A.D.P, which is:

Allied Development Company
16500 San Pedro Avenue, Suite 300
San Antonio, Texas 78232

The project includes a 110' right-of-way extension of Huebner Road, east from Northwest Military Highway to the east property line, abutting vacant property owned by J.H. Uptmore & Associates. Proposed land uses are for a community shopping center (16.56 acres), multifamily (10.53 acres), office/retail (2.21 acres) and professional office (1.0 acre). The northern property line abuts the City of Shavano Park, backing up to several large lot single family residences. The south property line abuts the Oak Meadow single family subdivision with numerous owners.

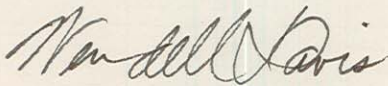

Water service will be provided by City Water Board. Sewer service will be provided by the City of San Antonio. Electrical service will be relocated to the Huebner Road r.o.w. on the north side of the street.

Phasing of the project is tentatively as follows:

Huebner Road - begin construction November 1985 to east
end of shopping center
begin construction May 1986 to east p.l.
Shopping Center - begin construction May 1986
Multifamily - begin construction November 1986
Professional Office - begin construction May 1987

Please place this plan before the P.O.A.D.P. Committee at your earliest convenience. I will be happy to meet with you to discuss the plan any time. You may call me at 824-7836. Thank you for your review and consideration.

Sincerely,

Wendell Davis, AICP
